

REGULATORS & STATORS

DIRT

#201470

#152413

ACCEL regulator/rectifiers are designed to be direct replacements to original equipment using stock mounting locations and OEM style connectors. A quality regulator/rectifier that replaces the OEM part with power handling that is superior. It is designed to be a plug in replacement. We have incorporated a heatsink that gets rid of internal heat to the housing quickly and efficiently, making for a very reliable unit.

Whenever possible, we design our dirt bike stators to be direct replacements to OEM parts. We strive to provide high-performance, cost-effective upgrades to original parts. Use the more powerful lighting stator that offers more output for running additional lights and/or accessories.
